NATIONAL MEMBERSHIP REQUIREMENT vs LOCAL MEMBERSHIP

A “National” Studebaker Drivers Club membership is required in order to be a member of a “Local” Chapter – (such as MTSDC). This is mandated via Chapter By Laws and the National SDC membership brings it's own advantages, is managed by Cornerstone Registration (763 420-7829) and several pricing options are available to members – Please review the current Membership Application for these pricing options.

(View the Membership Application on the MTSDC Chapter's website - mtsdc.org)

This national membership automatically includes your family's coverage of personal and property liability insurance for members that are attending a local chapter event. Membership also brings access to the monthly magazine – Turning Wheels – either in magazine/paper form or digitally and members may attend national & regional events. An online source – Studebaker Forums is also available for members no charge.
